XLVII International Symposium on Multiparticle Dynamics (ISMD2017)

Wednesday 13 September 2017

Proton structure, small-and large-x physics (III) (09:00-11:25)

- **Conveners:** Bruno El-Bennich, Amir Rezaeian; **Chairperson:** Larry McLerran

time	title	presenter
09:00	Physics opportunities at the future Electron-Ion Collider	FAZIO, Salvatore
09:25	The RHIC Cold QCD Program: A Gaze into EIC Physics	ASCHEAUER ELKE-CAROLINE, Elke-Caroline
09:50	Transverse Momentum Dependent Functions: Challenges and Future Prospects	GONZALEZ, Osvaldo
10:15	Coffee Break	
10:35	Calculation of baryon properties from continuum functional methods	SANCHIS ALEPUZ, Helios
11:00	System size, collision energy and rapidity dependence of collective dynamics measured by the PHENIX experiment at RHIC	HAN, Seyoung
