## Electromagnetic radiation in hadronic interactions: from pp to AA collisions

*Thursday, 14 September 2017 10:15 (0:25)*

### Content

The electro-magnetic probes have been widely used to study the fundamental properties of hot, dense medium created in heavy ion collisions. I will review most recent experimental results on electromagnetic radiation in hadronic interactions from pp to AA collisions. Future perspectives will also be discussed.

### Session

Hadronic final states in high pt interactions

**Primary author(s) :** Dr. RUAN, Lijuan (Brookhaven National Laboratory)

**Presenter(s) :** Dr. RUAN, Lijuan (Brookhaven National Laboratory)

**Session Classification :** Hadronic final states in high pT interactions (II)
