XLVII International Symposium on Multiparticle Dynamics (ISMD2017)

Thursday 14 September 2017

Cosmic ray and astroparticle physics (I) (16:45-18:50)

- **Conveners: Mario Rodriguez, Juan Carlos Arteaga; Chairperson: Mario Rodríguez**

time	title	presenter
16:45	Measurements of the cosmic ray spectrum and composition in the 10^{15} - 10^{18} eV energy range	CHIAVASSA, Andrea
17:10	Recent results from the Pierre Auger Observatory	MOSTAFA, Miguel
17:35	Kicks of magnetized strange quark stars induced by anisotropic emission of neutrinos	MANREZA, Daryel
18:00	Tests of the SIBYLL 2.3 high-energy hadronic interaction model using the KASCADE-Grande muon data	ARTEAGA VELAZQUEZ, Juan Carlos
18:25	Analysis of high muon multiplicity cosmic events with the ALICE experiment	FERNANDEZ TELLEZ, Arturo
