Reunión General de la RED-FAE 2017

Thursday 28 September 2017

WG QCD (Adnan Bashir) (15:30-20:15)

time	title	presenter
15:30	Generación dinámica de masas y el grupo de renormalización	WEBER, Axel
15:50	Masas de hadrones	GUTIERREZ GUERRERO, Laura Xiomara
16:10	Variational constraints on masses and radii of charmonia	RAYA, Alfredo
16:30	Quark Gluon Plasma en colisiones nucleares y hadronicas	BAUTISTA, irais
16:50	Factores de Forma de los Mesones Pseudoescalares	RAYA, Khépani
17:10	Identidades Transversas de Takahashi en QCD	FERNÁNDEZ RANGEL, Luis Albino
17:30	Acerca del diagrama de fase efectivo de QCD	MARTÍNEZ, Angelo
17:50	Break	
18:00	Tadpole contribution to the fermion propagator in a constant field (Raiders of The Lost Diagram)	SCHUBERT, Christian Schubert
18:20	First quantised representation of the dressed fermion propagator: tree level calculations in the worldline formalism	EDWARDS, James
18:40	Búsqueda de hadrones exóticos en CMS	HEREDIA DE LA CRUZ, Ivan
19:00	Deciphering the internal structure of kaons through global QCD fits	HERNÁNDEZ-PINTO, Roger José
19:20	On the muon anomalous magnetic moment	ROIG, Pablo
19:40	From QCD to hadron physics: building the bridge	BASHIR, Adnan
