

ALICE

$\langle p_T \rangle$ vs N_{ch} with sphericity percentile cuts

Hèctor Bello Martínez^{1,2}

Antonio Ortiz Velazquez²

Arturo Fernandez Tellez¹

1. (FCFM-BUAP) 2.(ICN-UNAM)

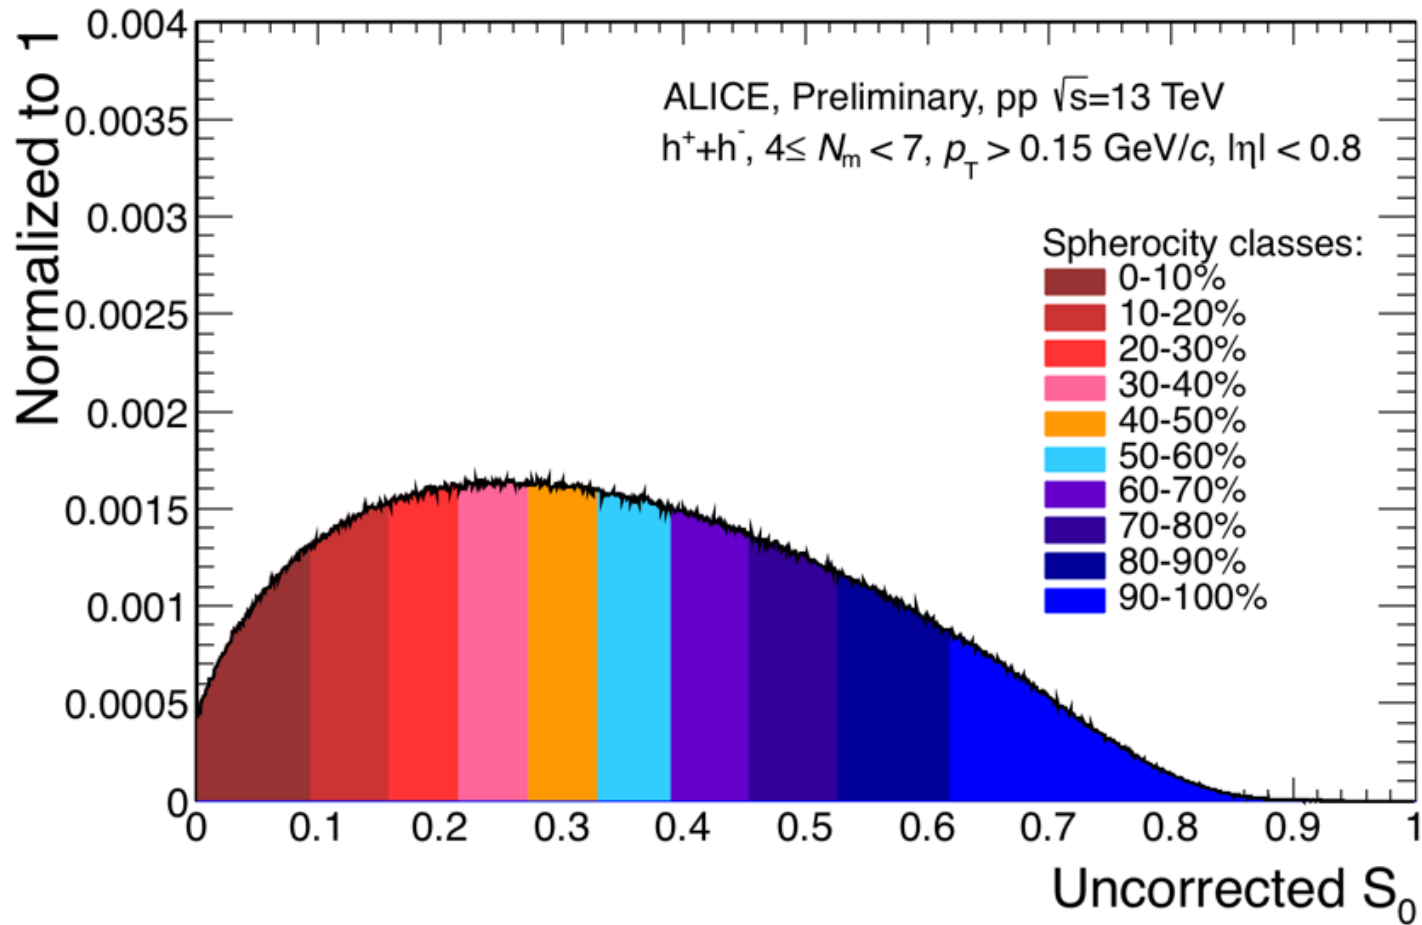

ACO
meeting

1 julio 2017

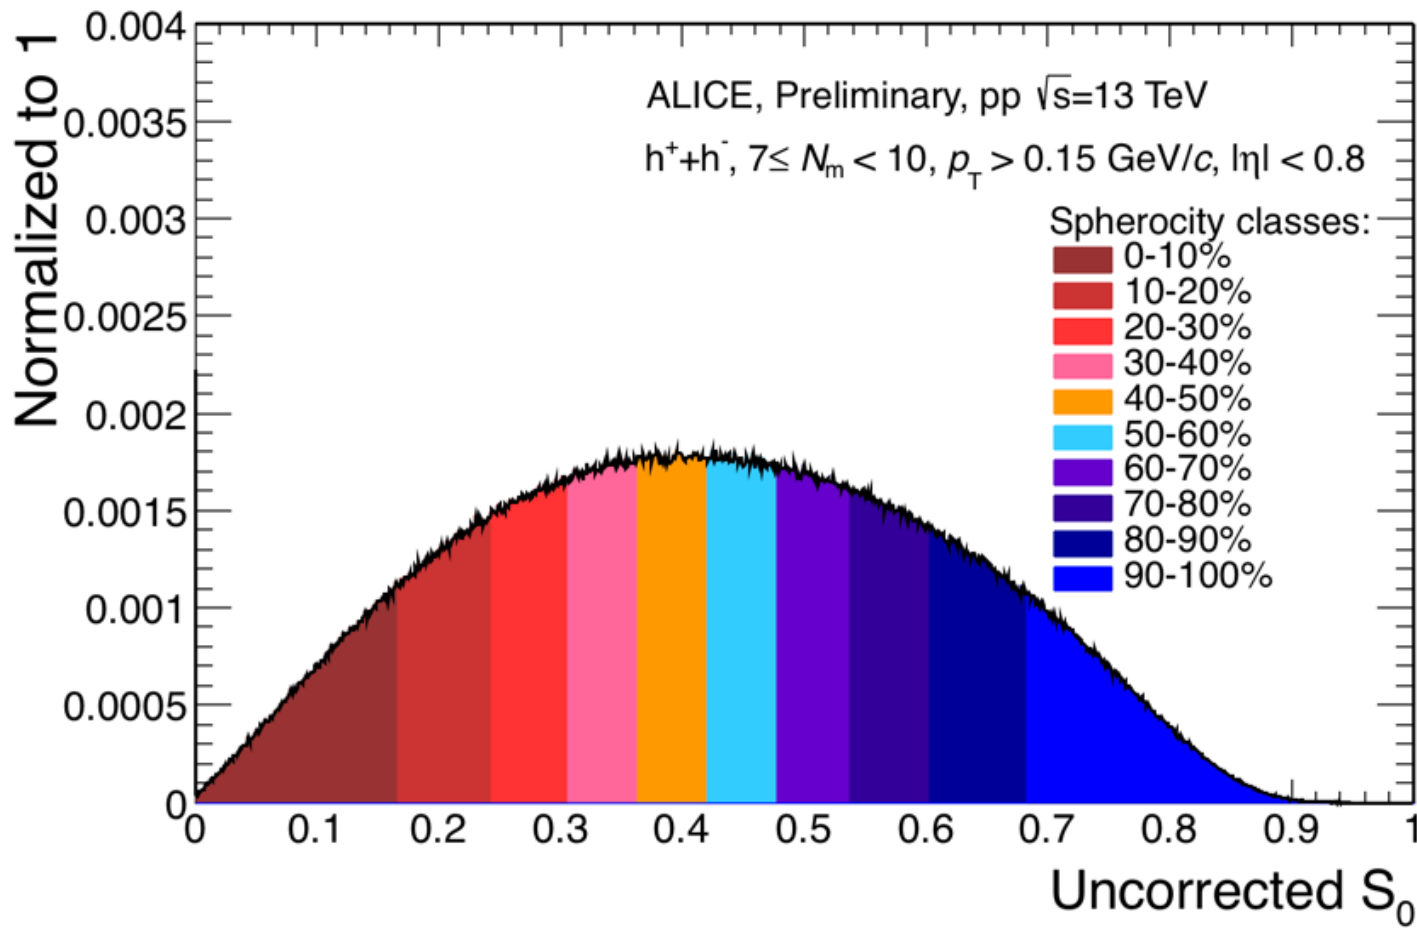

Brief summary

- Results have approved at Forum:
<https://indico.cern.ch/event/646995/>
- Already registration at IS2017 (18-22 sept.)
(How will be financed: Travel, inscription, lodging?
Red ALICE, FAE, proyectos, conacyt, or good luck?)
(What formalities need to start doing?)
- Some plots modified, all converted to .png and .pdf
- Analysis note in modification for systematics chapter
