## Electroweak theory basics I

*Thursday, 2 October 2008 09:00 (1:00)*

### Abstract content

This series of lectures are oriented mainly to particle physics students, covering, on a pedestrian level, the basics and some general model buildings aspects of the Standard Model of the electroweak interactions.

### Summary

**Primary author(s) :** Dr. PÉREZ-LORENZANA, Abdel (CINVESTAV)

**Presenter(s) :** Dr. PÉREZ-LORENZANA, Abdel (CINVESTAV)
