XIII Mexican School of Particles and Fields

Monday 06 October 2008

Neutrino Physics - Room 2: Sirena (16:00-18:00)

time	title	presenter
16:00	Non-standard neutrino interactions and low energy neutrino experiments	MIRANDA, Omar
17:00	The FNAL e938 experiment: the mexican contribution to the MINERvA collaboration	FELIX, Julian
17:30	Lepton flavour violating processes in Minimal S_3 -invariant extension of the Standard Model	MONDRAGON BALLESTEROS, Alfonso
