

The Tenth International Workshop on Charm Physics (CHARM 2020) Second Bulletin – March 2021

Dear Colleagues,

With this bulletin, we confirm that the 10th International Conference on Charm Physics (CHARM 2020), to be held from May 31 to June 4, 2021, will take place online, through UNAM's Zoom site. Sadly, an in-person conference is still not possible due to Covid-19. The conference website is <https://indico.nucleares.unam.mx/event/charm20/> (or <https://indico.nucleares.unam.mx/event/1488/>) where updated information can be found.

Scientific Program

The Charm conference series started at Beijing (China) in 2006 and continued in Ithaca, NY (USA, 2007), Leimen (Germany, 2009), Beijing (China, 2010), Honolulu, HI (USA, 2012), Manchester (United Kingdom, 2013), Detroit, MI (USA, 2015), Bologna (Italy, 2016) and Novosibirsk (Russia, 2018).

The purpose of the CHARM 2020 Workshop is to bring together particle and nuclear physicists working in the field related to physics of the charm quark to discuss

recent results in this area, including the impact on and from theory as well as projections for results to be expected from upcoming experimental facilities.

This year's conference will cover the following topics:

- Charm and Exotics Charm Meson and Baryon Spectroscopy
- Production of Charm and Charmonia
- Hidden and Open Charm in Media
- Light Hadronic Spectroscopy from Decays of Charm and Charmonia
- Leptonic, Semileptonic, Radiative and Rare Charm Decays
- D Oscillations and CP Violation
- Tau lepton physics
- New Physics Scenarios for Charm Decays
- Experimental Charm Facilities - Status and Future

The program includes 46 plenary invited talks (<https://indico.nucleares.unam.mx/event/charm20/>) and at least 3 double parallel sessions. We will have the pleasure of listening to a special lecture given by Prof. Maiani commemorating the 50th anniversary of the GIM mechanism (one year delayed, as the CHARM Conference) to start the event.

The Venue

All registered participants will be e-mailed details for connecting to the event in UNAM's Zoom. Registration is compulsory.

Conference fee

The fee covers the proceedings publication in PoS. The original conference fee has been reduced as the meeting will be online. We are asking senior researchers to pay \$50 USD to cover the cost of the proceedings. Anyone having difficulties with a wire transfer should contact the organizers. A fee waiver is available upon request. (Students, postdocs and retired pensioners are exempt from payment).

Bank transfers should be made to

BENEFICIARY: Sociedad Mexicana de Física, A. C.

ADDRESS: Edificio de Física, Piso 2, Fac. de Ciencias, UNAM, C.P. 04510 Deleg. Coyoacán

CITY/COUNTRY: Ciudad de México / México

IBAN / CLABE: 002180034993453470

BIC / SWIFT- National Bank Code: BNMXXMXXX

ABBA CODE: BNMXXMM

BANK: BANCO NACIONAL DE MEXICO S.A.

CITIBANAMEX

ADDRESS: Av. Paseos del Pedregal # 110, Col. Jardines del Pedregal, 01900 Ciudad de México

If possible, please specify in the transfer your name and CHARM20.

Registration

Registration is still open, just click on registration at <https://indico.nucleares.unam.mx/event/charm20/> .

Call for abstracts

Call for abstracts is open. The closing date for submitting abstracts is May, the 15th, 2021.

Selected abstracts will be presented and discussed in dedicated parallel sessions. Abstract acceptance will be notified immediately after the submission deadline.

Proceedings

Conference proceedings in electronic form as online open access will be published in Proceedings of Science. Details will be e-mailed to contributors.

Please do not hesitate to contact us at charm2020mexico@gmail.com for any additional information and support you may need to prepare your participation at the Xth Conference on CHARM physics.

We are looking forward to welcoming you virtually!
