19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

Tuesday 27 July 2021

Exotic hadrons and candidates-2 - (11:15-13:15)

- Conveners: Dr. Toledo, Genaro

time	title	presenter
11:15	Ruling out some predictions of deeply-bound light-heavy tetraquarks using lattice QCD	COLQUHOUN, Brian
11:40	ISR studies at Belle II	JIA, Sen
12:00	Will the relativistic kinematics increase the number of stable multiquarks?	RICHARD, Jean-Marc
12:20	Covalent hadronic molecules via QCD sum rules	CHEN, Hua-Xing
12:40	Pc pentaquarks with pion exchange and quark core couplings	YAMAGUCHI, Yasuhiro
