19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

Tuesday 27 July 2021

QCD and hadron structure-B2: Collinear PDF - (11:15-13:15)

- Conveners: Andres, Carlota

time	title	presenter
11:15	Next generation nuclear PDFs and their relevance to hadron structure	PAKKINEN, Petja
11:40	Charged particle production in pp and pPb collisions at LHCb	VAZQUEZ GOMEZ, Ricardo
12:00	Constraining gluon momentum and spin distributions from jet observables	ZHOU, Yiyu
12:20	Simultaneous Extraction of Spin-Averaged and Helicity Light Quark Sea Asymmetries	COCUZZA, Christopher
12:40	Nonperturbative contributions to the photon PDF uncertainty in the CT18 global analysis	XIE, Keping
