19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

Wednesday 28 July 2021

QCD and hadron structure-A3: GPDs I - (07:00-08:45)

- Conveners: Van Hulse, Charlotte

time	title	presenter
07:00	Proton generalized parton distributions from lattice QCD	SCAPELLATO, Aurora
07:20	Gravitational form factors of proton.	NAIR, Sreeraj
07:40	Visualization of internal forces inside the proton in a classical relativistic model	VARMA, Mira
08:00	Longitudinal and transverse angular momentum of the proton	LIUTI, Simonetta
08:20	Transverse charge and energy-momentum tensor distributions of the Nucleon with the Abel transform	KIM, Hyun-Chul
