# 19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

## Wednesday 28 July 2021

### QCD and hadron structure-B4: TMDs - (09:00-10:45)

- Conveners: Andres, Carlota

time	title	presenter
09:00	Towards precise collider predictions: the Parton Branching method	LELEK, Aleksandra
09:25	Quark Sivers Function at Small-x: Return of a Spin-Dependent Odderon	SANTIAGO, M. Gabriel
09:45	Exclusive Double Drell-Yan factorization and GTMDs	GUTIERREZ GARCIA, Patricia Andrea
10:05	Gluon transversity and TMDs for spin-1 hadrons	KUMANO, Shunzo
10:25	The 3-D Structure of the Pion From Pion-induced Drell-Yan Scattering	GAMBERG, Leonard
