19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

Wednesday 28 July 2021

QCD and hadron structure-B5: Future, nucleon structure - (11:15-13:15)

- Conveners: Prof. Gamberg, Leonard

time	title	presenter
11:15	Unveiling the proton structure via transverse-momentum-dependent gluon distributions	CELIBERTO, Francesco Giovanni
11:40	The NICA-SPD project: a new tool to investigate the hadron structure	TOMASI-GUSTAFSSON, Egle
12:00	Impact Study of Future Data on the Tensor Charge from a QCD Global Analysis	PITONYAK, Daniel
12:20	EIC impact on collinear PDFs	DELCARRO, Filippo
