19th International Conference on Hadron Spectroscopy and Structure in memoriam Simon Eidelman

Thursday 29 July 2021

Baryon spectroscopy-5 - (11:15-13:15)

- Conveners: Dr. Toledo, Genaro

time	title	presenter
11:15	Recent results on charmed baryon spectroscopy from Belle	JIN, Li
11:40	Recent results on charmed baryon weak decays from Belle	LI, Yang
12:00	LHCb results in charm baryons	XU, Zhihao
12:20	Spectroscopy, photocouplings, and strong decays of the single-charm and single-bottom baryons from Quark Model	ORTIZ PACHECO, Emmanuel
12:40	Transverse Momentum Dependent Parton Distribution Function within BLFQ framework	HU, Zhi
