

# Averate up stations

- 2020/May/25 - 2020/May/30 - COMMS problem in Los Morados.
  - May short disconnections between Los Leones-Los Morados.
  - It also happened during 2019 (mostly during winter)
  - It looks to be much worse during this year.
  - The main microwave devices has been replaced.
  - There are still some short disconnections after the devices has been replaced.
  - **We do not have any spare for this communication devices.**
- On 2020/Jun/08 - COMMS problem in Los Morados.
  - Recovered on 2020/Jun/09.
  - Just a hardware reset has been done.
  - It maybe not the same as the problem happened during may.

# Detail - May 25th-30th

- In Mendoza, the reported number of cases of COVID-19 is very low.
- Most of activities are back.
- It need a authorization request to cross Malargue-San Rafael.
