XII Mexican Workshop on Particles and Fields 2009

Monday 09 November 2009

Hadron and LHC Physics I - Salon Bugambillas (16:30-21:00)

time	title	presenter
16:30	The future of high energy experimental physics	PAIC, Guy
17:00	Discussion	
17:10	The SPS Heavy ions experiments an the onset of deconfinement	SANDOVAL, Andres Sandoval
17:40	Discussion	
17:50	Strong color field predictions for pp and AA collisions at LHC	PAJARES, Carlos
18:20	Discussion	
18:30	Coffee break	
19:00	Saturation Physics : Probes and Signatures	JALILIAN-MARIAN, Jamal
19:30	Discussion	
19:40	Low energy theorems for gauge bosons scattering in left-rigth symmetric models	VAQUERA, Carlos
20:00	Discussion	
20:05	Event Shape Analysis at LHC	ORTIZ VELASQUEZ, Antonio
20:25	Discussion
