# XIV Mexican School on Particles and Fields

## Thursday 04 November 2010

**Minicourse LHC.SM.BSM: Supersymmetry, L. Velasco - Auditorium, Building B, Campus, University of Michoacan (09:00-10:00)**

- Conveners: Dr. Murguía, Gabriela

time	title	presenter
09:00	A Minicourse on Supersymmetry	VELASCO SEVILLA, Liliana

## **Friday 05 November 2010**

**Minicourse LHC.SM.BSM: Supersymmetry, L. Velasco - Auditorium, Building B, Campus, University of Michoacan (09:00-10:00)**

- Conveners: Dr. Tejeda, Ma. Elena

**Minicourse LHC.SM.BSM: The role of radiative corrections in the era of high-precision measurements at hadron and lepton colliders, D. Wackeroth - Auditorium, Building B, Campus, University of Michoacan (17:00-18:00)**

- Conveners: Dr. Murguía, Gabriela

## **Saturday 06 November 2010**

**Minicourse LHC.SM.BSM: The role of radiative corrections in the era of high-precision measurements at hadron and lepton colliders, D. Wackerth - Auditorium, Building B, Campus, University of Michoacan (09:00-10:00)**

- Conveners: Dr. Murguía, Gabriela

**Minicourse LHC.SM.BSM: Supersymmetry, L. Velasco - Auditorium, Building B, Campus, University of Michoacan (11:30-12:30)**

- Conveners: Dr. Tejeda, Ma. Elena

## **Sunday 07 November 2010**

**Minicourse LHC.SM.BSM: The role of radiative corrections in the era of high-precision measurements at hadron and lepton colliders, D. Wackerath - Auditorium, Building B, Campus, University of Michoacan (09:00-10:00)**

- Conveners: Dr. Velasco, Liliana
