XL Annual Meeting Division of Particles and Fields

**17-19 June 2026 at the Physics
Department of Cinvestav, CDMX**

The Division of Particles and Fields of the Mexican Physical Society organizes the Annual Meeting (RADPyC). The main goals of this Meeting are to encourage graduate students and postdocs to present their research work on high energy physics and to bring together the community working in this field in Mexico. In addition, this Meeting includes review talks on diverse hot topics given by invited speakers, as well as contributed talks and a poster session.

This year the meeting will be held in **Auditorio José Ádem**, Cinvestav, Mexico City, México. The whole event can be followed by Zoom and will be broadcasted via the DPyC facebook account.
